Final Registration Instructions

Hi there!

Thank you for securing your child's spot for summer camp with Rock Island State Park! We're excited to have your camper join us this season.

This year we are using CampDoc in place of paper medical forms. CampDoc helps keep all camper information organized, secure, and easy for families to complete. CampDoc also keeps your camper's information on file until they age out, and the same forms apply to all Tennessee State Parks camps, meaning you only have to fill out the medical paperwork once.

Below is your link to get started:

CampDoc Registration: <https://app.campdoc.com/!dn/login?r=tennesseestateparks>

2. After you log in and you select your child's session, you'll be asked to enter a camp-specific code to confirm your child's session.

a. Your Code: TSP-RI-JRC

3. Once you complete registration, you can begin filling out your camper's medical forms and any other required information. You don't need to finish everything immediately—CampDoc will save your progress.
